A Pleasure for the Wife

The woman who does her own baking should enjoy it immensely. Baking is really a pleasure and the source of much satisfaction if the housewife has much confidence in her results. But the excellency of her baking depends almost entirely on the quality of the ingredients which she uses.

"Yale Pride" and "Belle"

are milled and blended especially for home use. They are "satisfactory flours" and the wife is sure of inviting bread and pastries when she uses them.

Security Calf Food!

We wish to call your attention to Security Calf Food, a food especially prepared for calves. Young calves require proper food (and just as much so) as young babies require proper food. Security Calf Food is put up to take the place of "Mother's Milk," for young calves, as "Baby Foods" are put up to take the place of "Mother's Milk" for babies.

Security Calf Food replaces the whole milk from the time the calf is three days old and at the cost of less than 2 cents per day. Your calf requires from eight to ten quarts of milk a day. This is worth from 2 to 3 cents a quart and it will cost you from 20 to 30 cents a day to feed your calf with whole milk, while you can raise or fatten your calf on Security Calf Food for less than two cents per day and raise just as good a calf. Security Calf Food does not have to be cooked or bothered with.

We guarantee to refund in cash for every pair or package of Security Calf Food that does not give perfect satisfaction.

ATTEND THE EXPOSITION AT OUR EXPENSE

We Have Started the Ball Rolling—Get in the Game Early and Win a Big Vacation Trip.

The Expositor's Big Subscription Contest has started and we expect it will be a winner—at least we have received a number of inquiries regarding it and several have assured us that they intend going after one of the big trips we are going to give away.

The plan is simple. On another page of this issue you will find our announcement. Clip out the nomination blank, write your name or the name of one of your friends on same, bring or send it to the Expositor office. This starts the wheel turning. We will furnish you with a subscription book and you can get right to work.

This contest is open to all, and no favors shown. The one having the largest number of votes on closing day gets the trip to the Panama-Pacific and return. The one having the next highest number takes a fine lake trip—to Duluth and return.

Our big ad also tells you how many votes each dollar's subscription will entitle you to and get in the game.

Minstrel Show a Success.

The minstrel show given at Central Hall last Friday evening by the High School Athletic Association was greeted by a large and enthusiastic crowd. Every one present seemed to be very well pleased with the entertainment.

The opening part of the program consisted of some instrumental music and vocal solos by Leona Hotcomb and Irene Harrington, followed by two readings by Lois Hoffman. These numbers were well received.

Then followed the minstrel show, which was thoroughly enjoyed by all. Each and every number was well rendered and the boys were to be congratulated on the pleasing manner in which the program was carried out. Every one of the bunch was a star and we regret that time and space forbids us giving each one of the boys a special write up, but we are going to take a chance on our crowded condition and tell the people what we think of the voice of one of the soloists—"Doc" Jefferson Clyde, "the Democratic Song Bird of the South." We heard a number say he had a fine voice, but it needs cultivation. Then's our sentiments, too. It needs cultivation and needs it bad. We would advise him to use a disc harrow and grub hoe, and after he has it well worked over we would suggest that he tie a weight on it and drop it in the lake.

The entertainment netted the association a little better than \$90.

NEW CHURCH EDIFICE

To Be Built in Yale the Coming Summer
—Expect to Have It Completed in 1915

A meeting of the trustees, members and adherents of the M. E. church was held in the church parlors Monday evening of this week at which time it was decided to build a new church edifice, a building committee appointed consisting of Rev. W. Geach, chairman and secretary, F. F. Feid, treasurer, W. V. Andrade, George McIntyre, R. E. Andrade, N. B. Hertel, John Holden and Dr. Wight, and other preliminary work done.

The property corner of Main street and Park avenue, at one time owned by James Brown was purchased from Henry P. Ohmer. The deed calls for seventy-five feet frontage on Main St. A building 50x75 feet, of modern architecture, with a large basement underneath will be erected on the corner at an estimated cost of \$12,000. The committee are working on plans and specifications. When completed this new church edifice will be a credit to the society having the work in charge and a fine addition to our thriving little city. It is not the plan of the church society to go to the extremes, but figure on building a neat and convenient structure.
